New Business:

- [MLO/Bond Presentation](#)
 - Discussed how schools are funded and that the raising of taxes in the community does not equal more money for schools.
 - Went through the presentation to understand that Douglas County is the lowest in salary offerings and that this is only able to be raised with the passing of the MLO/Bond
 - Discussed placement of future schools
- [Volunteer Here](#)

Open Forum:

- Heard that there is a chance that 6th grade (not next year but the year after) would move to middle school. There are some things that have to happen first but that is still being considered. This may help with staffing middle school teachers in the future
